SUPPLEMENTAL RESPONSE TO OFFICE ACTION

On August 2, 2005, a Response to Office Action was mailed to the United States Patent and Trademark Office in response to the Office Action dated May 4, 2005. It was noted, however, that a copy of the Response was inadvertently submitted, and the original was retained for our files. This is a concern only because the marked up copies of the replacement drawing sheets showing changes to the drawings in red were not included. Therefore, we are resubmitting herewith the original Replacement Sheet drawings, along with marked-up drawing sheets showing the changes to the figures in red.

Additionally, the postcard sent with the Response on August 2, 2005 indicated that only two references were submitted when in fact there were three foreign references sent with the original response.

Finally, it is noted that a supplemental Information Disclosure Statement is being submitted under separate cover to submit additional references that have not been previously cited.

It is respectfully requested that the Examiner replace the replacement drawing sheets initially submitted on August 2, 2005 with the enclosed sheets.
